

## *Erratum*

Storey, K.B.: Tissue Specific Isozymes of Octopine Dehydrogenase in the Cuttlefish, *Sepia officinalis*. The Roles of Octopine Dehydrogenase and Lactate Dehydrogenase in *Sepia*. J. comp. Physiol. **115**, 159–169 (1977)

The paper was produced at the  
Department of Biochemistry, Sheffield University, Sheffield S10 2TN, England.

The author's permanent address is:  
Department of Zoology, Duke University, Durham, North Carolina 27706, USA

Funding and facilities for this study were kindly provided by the Department of Biochemistry, Sheffield. Special thanks are due to Dr. E. Bailey for lab facilities and to Professor W. Bartley, Department of Biochemistry. Thanks are due Dr. J.B. Messenger and Miss E.M. Tansey (Department of Zoology, Sheffield) for obtaining *Sepia* and for assistance in holding, handling and dissection of animals. Mr. R.M. Sharrard (Department of Biochemistry, Sheffield) kindly ran polyacrylamide disc gels. K.B.S. held a Killam (Canada) scholarship.
