

ERRATA

Haidar M, Seddiki N, Gluckman J C, Gattegno L (1994)
The role of calcium and *N*-linked glycans in the oligomerization and carbohydrate binding properties of human immunodeficiency virus external envelope glycoprotein.
Glycoconjugate Journal **11**:73–79.

The second electrophoresis in Figure 1 (p. 75) should not have been included.

The caption to Figure 2 (p. 76) should read: Characterization of intact and *N*-glycanase-treated rpg120. (a) SDS-PAGE and autoradiography of *N*-glycanase-treated (lane 1) or intact (lane 2) rpg120 . . .

Suzuki A C, Nakamura A, Nishimura K (1994) Molecular species analysis of glycosphingolipids from small intestine of Japanese quail, *Coturnix coturnix Japonica* by HPLC/FAB/MS.

Glycoconjugate Journal **11**:111–121.

Page 115, first column, line 11 should read: GalNAc β 1-4[GlcNAc β 1-3]Gal β 1-4Glc1-Cer . . .

Page 121, first column, line 31, last word should read: ureteral.
