Equation (2) on page 236 has been incorrectly printed. This equation should read:

$$r = \frac{kK_{\rm n}^2(P_{n-\rm butane}^2 - K_{\rm i}^2 P_{\rm isobutane}^2 / K_{\rm n}^2 K_{\rm eq})}{\left(1 + K_{\rm n} P_{n-\rm butane} + K_{\rm i} P_{\rm isobutane}\right)^2}.$$
