

## ERRATUM

In the Spring 1980 issue of *Community Mental Health Journal* 16(1), Friedner D. Wittman was erroneously listed as having a second author—M. Arch. Due to a printer's oversight Mr. Wittman's Masters of Architecture degree became his research assistant. We apologize for any inconvenience and acknowledge for future reference that Friedner D. Wittman is the sole author of "Sociophysical Settings and Mental Health."

## CALL FOR PAPERS

The editors of *COMMUNITY MENTAL HEALTH JOURNAL* invite the submission of articles in the broad field of community mental health, including reports of original research, literature review articles, theoretical papers and brief scientific communications. Please see page four of this journal for submission instructions and send manuscripts to:
