

ADDENDUM

Due to the author's oversight in the paper "Gallium arsenide avalanche S-diodes" (Soviet Physics Journal, 26, No. 10 (1983)), on p. 936 incorrect references were given to [31]. Instead of [31] the reference should be to the paper by S. S. Khludkov, L. K. Tarasova, and V. G. Lakhtikova, Proceedings of 18th Scientific and Technical Conference on Radioelectronics in memory of the 100th anniversary of the birth of V. I. Lenin, Tomsk State Univ. (1971), p. 98.
