Outer Approximation Algorithm for Nondifferentiable Optimization Problems

D. Q. MAYNE[1] AND E. POLAK[2]

Abstract. Omissions from the list of references of Ref. 1 are corrected.

Key Words. Global optimization, nondifferentiable optimization, Lipschitz continuous functions, outer-approximation algorithms.

In Ref. 1, the following papers were accidentally omitted from the list of references:

7. HOGAN, W. W., *Application of a General Convergence Theory for Outer-Approximation Algorithms*, Mathematical Programming, Vol. 5, pp. 151–68, 1973.
8. MAYNE, D. Q., POLAK, E., and TRAHAN, R., *An Outer-Approximation Algorithm for Computer-Aided Design Problems*, Journal of Optimization Theory and Applications, Vol. 28, pp. 331–352, 1979.
9. GONZAGA, C., and POLAK, E., *On Constraint Dropping Schemes and Optimality Functions for a Class of Outer-Approximations Algorithms*, SIAM Journal of Control and Optimization, Vol. 17, pp. 477–493, 1978.
