

## Erratum

### Strain Driven Thermoelastic Instability Toward Brittle Fracture

S. Boffi, C.E. Bottani, G. Caglioti, and P.M. Ossi

Z. Physik B **39**, 135-141 (1980)

On page 141 Eq. (40) should read:

$$\delta \varepsilon \cong \frac{\dot{\varepsilon}^a}{\omega} \overline{R(t)} \cos \omega t \cos k_1 x,$$

and Ref. 3 and 4 should be as follows:

3. Thomas, H.: In: Noise in physical systems. Wolf, D. (ed.), p. 278. Berlin, Heidelberg, New York: Springer 1978
4. Wallace, D.C.: Thermoelastic theory of stressed crystals and higher order elastic constants. In: Solid State Physics. Ehrenreich, H., Seitz, F., Turnbull, D. (eds.), Vol. 25, p. 301. New York: Academic Press 1970
