

*Erratum***Shock response of the commercial high explosive Detasheet**B.W. Assay¹, J.B. Ramsay¹, M.U. Anderson², R.A. Graham²¹ Los Alamos National Laboratory, Los Alamos, New Mexico, USA² Sandia National Laboratories, Albuquerque, New Mexico, USA

Shock Waves 3, 267–271 (1994)

Unfortunately Table 1 was accidentally omitted from this paper. It is therefore printed now below:

Table 1. Summary of impact experiment measurements

Exp.-no. ^a	Impact velocity (km/s) ^b	Shock-velocity (km/s) ^c	Particle velocity (km/s)		Impact surface stress (GPa)		
			A ^d	B ^e	C ^f	A ^d	B ^g
2377-8	0.126	2.027	0.107	0.10	0.11	0.321	0.31
2382-3	0.132	2.069	0.112	0.10	0.11	0.342	0.30
2383-3	0.231	2.304	0.192	0.19	0.20	0.655	0.63
2379-8	0.238	2.286	0.198	0.18	0.20	0.671	0.65
2374-8	0.381	2.566	0.312	—	—	1.184	—
2384-3	0.390	2.587	0.319	—	—	1.222	—
2378-3	0.529	2.840	0.425	0.45	0.42	1.787	1.9
2376-3	0.730	3.175	0.575	0.60	0.57	2.701	2.8
							3.2
