

Erratum

Vol. 6, No. 2, 1976: *Differences Between Mentally Retarded and Normally Intelligent Autistic Children*, Lawrence Bartak and Michael Rutter.

On page 117, the first paragraph should read:

SOCIAL CLASS

In both groups the great majority of the fathers held nonmanual jobs. There was a nonsignificant tendency ($p = .17$ on one-tail exact test, comparing professional/managerial with the rest) for more of the A-NI children to come from professional or managerial families (Table VIII).
