

ERRATUM

The role of X-ray crystallography in drug design: identification of the two isomers 17 β -hydroxy-17 α -methyl-5(β and α)-androstano-(2,3-C)-1',2',5'-oxadiazole (HS804 and HS805) (steroids and related studies, Part 62)¹

In the title and the abstract the name of the compounds should read as . . . 17 β -hydroxy-17 α -methyl-5(β and α)-androstano[3,4-*c*]-1',2',5'-oxadiazoles (HS804 and HS805). . .

On page 316 the number under structure *a* should read as HS805 and that under *b* as HS804. The caption for Fig. 1 should be corrected to read as . . . (d) 17 β -hydroxy-17 α -methyl-5 α -androstano[3,2-*c*]pyrazole, and (e) furazabol.
