

Errata

Distribution of Wounded Nucleons and of Colored Strings in $\alpha - \alpha$ Collisions at High Energies

A. Białas and A. Kolawa

Z. Phys. C – Particles and Fields **22**, 231 (1984)

Following corrections should be made:

Table 1 and Table 2 should be interchanged. In Figs. 3–4 dotted and crossed lines should be interchanged. Furthermore, by an unfortunate omission, it was not explicitly stated that our analysis of the data of [7] was carried out following as closely as possible that of [7]. In particular, we followed the method of convoluting amplitudes which was first introduced in [7]. The conclusions of our papers are different, however, because we investigated the dependence of the theoretical predictions on model parameters which was not done in [7]. We thank Hans Bøggild for calling our attention to these mistakes.

High Order Moments of the $\bar{p}p$ Multiplicity Distribution in the Dual Parton Model

A. Capella and J. Tran Thanh Van

Z. Phys. C – Particles and Fields **23**, 165 (1984)

Columns 4 and 5 of Table 2 should read:

	$\sqrt{s} = 540 \text{ GeV}$ $K = 1.4$	$ y < 3.5$ $K = 2$
$\langle N \rangle$	21.89	21.89
C_2	1.32	1.35
C_3	2.25	2.35
C_4	4.77	5.14
$D_2/\langle N \rangle$	0.56	0.59
$D_3/\langle N \rangle$	0.67	0.68
$D_4/\langle N \rangle$	0.91	0.94
γ_2	0.32	0.35
γ_3	0.29	0.32
γ_4	0.39	0.43

Equation (A.2) should read

$$X_k = \frac{1}{2}[(1 + \lambda)^k + (1 - \lambda)^k].$$
