Influence of height, weight, and obesity on breast cancer incidence and recurrence in Auckland, New Zealand

RK McNee, BH Mason, LM Neave, RG Kay

Breast Cancer Res Treat 9: 145–150, 1987

The authors have noted two errors in Table 3 of the original version of this paper. We have therefore reprinted the correct Table 3 below, with the corrected values shown in bold type.

Table 3. Cox's life table regression analysis of interaction between time to recurrence and obesity by groups of clinical characteristics.
