### Friedrich Miescher-Award 1995

To commemorate the 100-year anniversary of the discovery of nucleic acids the Swiss Society for Biochemistry has created the Friedrich Miescher-Award. The prize is intended to honour young biochemists and is donated by the Friedrich Miescher-Institute of Ciba Geigy Inc. in Basel.

The following guidelines apply for nominations:

1. The Friedrich Miescher-Award may be awarded once every year to a young scientist for outstanding achievements in biochemistry.
2. Candidates are eligible who have not yet reached the age of 40 years on January 1st, 1995.
3. Preference will be given to candidates with a documented record of independent research.
4. The scientific work must have been carried out in Switzerland or by Swiss scientists abroad.

Applications or nominations, including a letter stating the relevance of the candidate's scientific work, his CV, list of publications and copies of the four most relevant publications should be submitted by November 1st, 1994 to the secretary of the Swiss Society for Biochemistry:

PD Dr. P. Ott,  
Institut für Biochemie und Molekularbiologie der Universität,  
Bühlstrasse 28,  
3012 Bern,  
Switzerland.
