

ERRATUM

B. P. Huynh, C. E. Coulman, and T. R. Turner, 'Some Turbulence Characteristics of Convectively Mixed Layers over Rugged and Homogeneous Terrain', *Boundary-Layer Meteorology* **51**, 229–254 (1990).

Please note there is an error in section 3.1 (p. 238 of the above-mentioned paper). The first line of Equation (1) should read:

$$z_i \qquad \theta_* = (w\theta)_0/w_*$$

i.e., there should be a large blank space separating z_i and θ_* .
