

Deutsche Meteorologen-Tagung 1989 from 16 to 19 May 1989 in Kiel

Announcement

Deutsche Meteorologen-Tagung 1989

The German Meteorological Society will hold its triennial national meeting "Deutsche Meteorologen-Tagung" from 16 to 19 May 1989 in Kiel, Federal Republic of Germany. The focus will be on the interactions of atmosphere, oceans and continents. The sessions will comprise the following topics:

1. Atmospheric and oceanic fronts
2. Remote sensing of atmosphere and oceans
3. Ocean circulation and the climate system
4. Nonlinear dynamics in atmosphere and ocean
5. Mesoscale processes

The meeting language will be German.

Details may be obtained from the Organizing Committee DMT '89
