Erratum

The article "Lactosuria in the African with Lactase Deficiency" by G. C. Cook and G. R. Howells (*Amer J Dig Dis* 13:634, 1968) contains an error.

On page 635 under *Results*, lines 4 and 5, and line 7: "between a trace and $\frac{1}{2}$ mg./100 ml." in both places should read, "between a trace and $\frac{1}{2}$ gm./100 ml."
