

ERRATA CORRIGE

The footnote «invited paper» has been mistakenly omitted from the first page of the paper «The Parallelogram of Forces» by Edoardo Benvenuto, «MECCANICA», No. 2, Volume 20, June 1985, page 99.

CONTENTS OF FUTURE ISSUES

M. BORRI, T. MERLINI: *A large displacement formulation for anisotropic beam analysis.*

A. BRESSAN: *On the evolutions of the discontinuities of orders $\geq m$ in solutions for quasi-linear systems.*

B.N. DATTA, A.S.R. MURTY, G.L. SINHA: *Effect of entrained air on dynamic characteristics of hydraulic servosystem with asymmetric linear motor.*

M.I. LOFFREDO: *Extension of von Karman ansatz to magnetohydro-*

dynamics.

G. MEDRI: *On a path-independent integral approach to fast tearing of elastomers.*

H. PEREIRA, R. FEIJOO: *On kinematical minimum principles for rates and increments in plasticity.*

A. ZANARDO: *Two-dimensional articulated systems developable on a single or double curvature surface.*
