

## Erratum

Katherine Paschalidou and Chryssa Tzougraki: A general and direct method for the solid phase synthesis of intramolecular quenched fluorogenic protease substrates using a bifunctional coumarin derivative, *Letters in Peptide Science* **7** (2000), 249–253.

Please note the following changes.

Page 251, *Figure 2*, substrate 7: –Ile–Lys–Leu–Aca–OH should read H–Ile–Lys–Leu–Aca–OH

and

Page 253, last line before Conclusion: The study of their enzymatic hydrolysis is published on page 251 should read The study of their enzymatic hydrolysis will be published elsewhere.
