

## COMMENT

on the paper "Generalization of Laplace's Expansion to the Earth's Surface",

M.S. Petrovskaya,

published in Bulletin Géodésique Vol. 51 n° 1, pp. 53–62.

"The author of the paper ..... is very sorry for publishing on page 59 a wrong interpretation of the quite correct formulas 21.096 and 21.097 by M. Hotine presented in his book "Mathematical Geodesy", 1969, pp. 173–174. The author is conveying her deep thanks to Prof. B. Chovitz for noticing it and letting her know about it".
