[Received April 16, 1984]

ERRATA

In "Changes in the Structure of Soybean Triacylglycerols Due to Heat," by Hiromi Yoshida and J.C. Alexander in the August 1984 issue of *Lipids*, an error was made in the text due to an omission by a word processor. On line 21 in the first column of page 590, the values in parentheses should be (10 to 100 μ g) of methyl heptadecanoate.

In the May 1982 issue of *Lipids*, the name of Tjet M. Sun was omitted as a co-author of the paper, "Sedimentation Equilibrium of Human Low Density Lipoprotein Subfractions."
