Trade and company names are used in the publication solely to provide specific information. Mention of a trade or company name does not constitute a warranty or an endorsement by the U.S. Department of Agriculture to the exclusion of other products or organizations not mentioned.

The excellent assistance of Lisa Gregory in the histological work is appreciated.

NOTE ADDED IN PROOF

Since submission of this manuscript, production of transgenic soybean plants has been reported utilizing cotyledons excised from germinated seed. Hinchee, M. A. W.; Connor-Ward, D. V.; Newell, C. A.; McDonnell, R. E.; Sato, S. J.; Gasser, C. S.; Fischhoff, D. A.; Re, D. B.; Fraley, R. T.; Horsch, R. B. Production of transgenic soybean plants using *Agrobacterium*-mediated DNA transfer. *Bio/Technology* 6:915-922; 1988.

ERRATA

The following changes are necessary for the following manuscript published in *In Vitro Cellular & Developmental Biology*, Vol. 24, No. 12, December 1988, pages 1154-1158.

Procoagulant Activity of Mouse Transformed Cells: Different Expression in Freshly Isolated or Cultured Cells.
Laura Curatolo, Maria Grazia Alessio, Bruno Casali, Anna Falanga, Maria Benedetta Donati, and Nicola Semeraro.

Page 1156

Column 1, line 4. "f.c." should be "final concentration".

Column 2, line 28. "Table 1" should be "Table 2".

Page 1157

Column 1, line 9. "Table 1" should be "Table 2"

Column 2, line 12. References 1,17 should be inserted as shown ". . . cells (1,17). Another. . .".

Column 2, reference 6, rather than "in press" should be "56:20-28; 1988".
