

LETTERE AL DIRETTORE

PAOLO MANCA

Istituto di Matematica Finanziaria, Università di Pisa

Pervenuta il 20 Dicembre 1978

Prof. Massimiliano Ottaviani has informed me that in my short paper « *A conjecture on a characterisation of all 4-connected planar graphs* » published in the first number of the review, the graph of page 107 is clearly only 3-connected: it follows that my conjecture is not valid.
