

CME on "Platelet and Coagulation Disorders"

A CME on "Platelet and Coagulation Disorders" is being organised from Friday 6th September to Tuesday 10th September, 1991 (10.00 A.M. to 5.00 P.M.) Apart from lectures by outstanding haematologists in the area, demonstrations of techniques, case discussions, slide shows and scientific exhibits on products are also planned. The programme would be oriented towards practising consultants (haematologists, pediatricians, physicians, pathologists and technicians) as well as postgraduate students. Registration for the CME is open to first 50 candidates on first-come-first served basis. Registration fees of Rs. 300/- (Rs. 100/- only for P.G. students) in favour of "Department of Haematology (Medicine), L.T.M.G. Hospital" can be sent by cheques or drafts only.

For further details please contact :

Dr. M.B. Agarwal, In-charge, Department of Haematology (Medicine) L.T.M. Medical College, Sion, Bombay. 400 022.

For further information and registration please contact :

Dr. S.M. Merchant, Research Laboratory, B.J. Wadia Hospital for Children, Parel, Bombay-400012.

CORRIGENDUM

In the Annotation, "Management of Extrahepatic Portal Hypertension in Children" by Suneet Sood et al appearing on page 317 of May-June 1991 issue, the 4th line in para 2 on the right hand side column should read "Emergency surgery in patients with good liver function (EHO, non-cirrhotic portal fibrosis) is associated with a mortality of only 4%"⁷ instead of 45.⁷

The error is regretted.
