

**THE SIXTY-FORTH ANNUAL MEETING OF THE JAPANESE
SOCIETY OF GASTROENTEROLOGY**

The 64th Annual Meeting of the Society will be held under the chairmanship of Prof. Takeo Wada, M.D., Department of Internal Medicine, Sapporo Medical College, at the Hokkaido Kosei Nenkin Kaikan Hall, Sapporo City, Hokkaido, May 22 to 24, 1978.

The scientific program is as follows:

I. Special lectures:

1. Invited lectures:

- (1) The cell exchange and pathology of the mucosa in the gastrointestinal tract
Prof. Sekiya Fujita, Department of Pathology, Kyoto Prefectural University of Medicine, Kyoto
- (2) Carcinoembryonic antigens (CEA)
Prof. Hidematsu Hirai, Department of Biochemistry, Hokkaido University, Sapporo
- (3) World-Wide Incidence of gastrointestinal cancer
Prof. Marvin Pollard, Department of Internal Medicine, University Hospital, Ann Arbor, Michigan, U.S.A.

2. Chairman's lecture:

Taking a general view of gastroenterology in 1978

Prof. Takeo Wada, Department of Internal Medicine, Sapporo Medical College, Sapporo

II. Symposia:

1. Biochemical and immunological approach to gastrointestinal cancer (Designated)
Co-Moderators: Dr. Ichiro Urushizaki, Sapporo Medical College
Dr. Goro Kozaki, Osaka University
2. Problems of viral hepatitis (Designated)
Co-Moderators: Dr. Hiroshi Suzuki, University of Tokyo
Dr. Hiroshi Sasaki, Niigata University
3. Recent trends of the research on gastrointestinal hormones (Invited)
Co-Moderators: Dr. Yutaka Matsuo, University of Tokyo
Dr. Akira Ishimori, Tohoku University
4. Hepato-pancreatic diseases viewed from hemato-biochemistry (Invited)
Co-Moderators: Dr. Kaneko Ishii, Asahikawa Medical College
Dr. Kiyoshi Fujisawa, Jikei University

III. Workshops:

1. Digestive organs and immunity:
 - (1) Immunology and pathology of the gastrointestinal tract
Co-Moderators: Dr. Shiro Hosoda, Shiga Medical University
Dr. Akira Yachi, Sapporo Medical College
 - (2) On hepato-pancreatic diseases:
Co-Moderators: Dr. Sukeo Yamamoto, Osaka City University
Dr. Tatsuji Homma, Shinshu University
2. Lower esophageal disorders:
 - (1) Clinic of LES
 - (2) Treatment of esophageal varix
3. Pathology and treatment of gastro-duodenal ulcer
4. Advanced diagnosis and treatment of hepato-pancreatic tumor
5. Studies on the hormones of the gastrointestinal tract

IV. Freeap pers.
