### Errata

In the article entitled "The Search for New Industrial Crops II: *Lesquerella* (Cruciferae) as a Source of New Oilseeds" by Arthur S. Barclay, Howard S. Gentry and Quentin Jones which appeared in *Econ. Bot.* 16(2): 95-100, the following changes should be made:

Page 95, line 16 of the first column—the word "acid" should appear between the words "fatty" and "composition"

Page 100, 9th line from bottom of first column—the line as it appears should be deleted and the following line substituted: "known for seven species and chromosome numbers"
