

ERRATA

In the May, 1945 issue in the article by W. A. Kreutzer, W. J. Henderson, and George H. Lane, entitled, "The Comparative Effectiveness of Certain Cutting Knife Treatments in the Control of Ring Rot of Potatoes,"—table I, page 130, after treatments 15 and 18, should read "0.05 per cent" instead of "0.5 per cent"; and the first line on page 131 should read " $\sum_{T}(\frac{axb}{T})$ " or $S_{T}(\frac{axb}{T})$ instead of " $(\frac{axb}{T})$ ".

Boggs

The "Standard" Potato and Onion Grader

*Not only "STANDARD" but "Superior" in
Economy, Accuracy, Speed, and Adaptability.*

More Boggs Graders in use than all other makes
combined—there must be a reason. Send for our
new circular and price list.

BOGGS MFG. CORP., Atlanta, N.Y.
