THE DALHOUSIE UNIVERSITY DEPARTMENT OF ANAESTHESIA

The Dalhousie University Department of Anaesthesia has Faculty positions available in the affiliated teaching Departments at the Victoria General Hospital, Camp Hill Medical Centre and the Grace Maternity Hospital. In addition to clinical responsibilities, the successful applicants will be expected to become involved in both undergraduate and postgraduate teaching. Interdisciplinary research opportunities are available. For senior positions, experience in departmental administration would be an asset. In the affiliated hospitals in the Metro area, all clinical anaesthesia interests are covered. If necessary, joint appointments may be created

to assist successful applicants in maintaining career goals. Interested applicants should be qualified in Medicine and hold a higher certificate of training in Anaesthesia. In addition, postcertification experience in the area of sub-specialty interest will be required. Recruitment is required both immediately and over the next five years in Cardiovascular Anaesthesia, Critical Care Medicine (senior and junior positions available), Acute and Chronic Pain Management, Regional Anaesthesia/Analgesia and Obstetric Anaesthesia/Analgesia. Applicants should provide an up-to-date curriculum vitae and define an area of prime interest. On application, a full definition of vacancy listing the details of the sub-specialty appointment, including the postcertification training and experience required, type of appointment (full-time/part-time) and approximate division of time between sub-specialty and general areas will be provided. In accordance with Canadian immigration requirements, this advertisement is directed in the first instance to Canadian citizens and landed immigrants. Dalhousie University encourages applications from qualified women, visible minorities, and handicapped persons. The Department of Anaesthesia is committed to supporting these principles in its recruitment mechanism. Applications with complete curriculum vitae should be addressed to:
