BAFFIN REGIONAL HEALTH BOARD

GENERAL PRACTITIONER (95-6161)

A full-time experienced physician is required for our busy acute regional hospital serving the entire Eastern Arctic Region (population 11,500). Responsibilities include: direct patient care, clinic supervision for medical student and Dalhousie University Outpost Nurse interns and flying to remote communities. This 34 bed facility undertakes approximately 350 births annually. A wide range of medical specialists visit on a regular basis from McGill University affiliated hospitals and the Clarke Institute of Psychiatry. The Board is committed to health promotion and disease prevention strategies in the 13 communities served by the staff of the hospital and health centres. Recent obstetric experience is essential. Requirements: eligibility for licensing and registration in the Northwest Territories. Competitive salary, generous incentive bonus, settlement and household allowance, subsidized furnished accommodation and other benefits. In accordance with Canadian Immigration requirements, priority will be given to Canadian citizens and Landed Immigrants.

GP-ANAESTHETIST (95-6156)

Enthusiastic physicians are invited to apply for this challenging position, one of three. Candidates are required to have at least one year formal training; recent normal obstetric experience; undertake anaesthetic duties for abortion services and fly to remote communities every 6-8 weeks to conduct medical clinics. This is an interesting and challenging position, where teamwork is essential. Excellent medical experience is available. Candidates must be eligible for registration and licensing in the Northwest Territories, ability to speak French an asset. Competitive salary, incentive bonus and other benefits.

Please make formal enquiries for either position to:

Chief of Staff

Tel: (819) 979-5231

**THE DALHOUSIE UNIVERSITY
DEPARTMENT OF ANAESTHESIA**

The Dalhousie University Department of Anaesthesia has Faculty positions available in the affiliated teaching Departments at the Victoria General Hospital, Camp Hill Medical Centre and the Grace Maternity Hospital. In addition to clinical responsibilities, the successful applicants will be expected to become involved in both undergraduate and postgraduate teaching. Interdisciplinary research opportunities are available. For senior positions, experience in departmental administration would be an asset. In the affiliated hospitals in the Metro area, all clinical anaesthesia interests are covered. If necessary, joint appointments may be created to assist successful applicants in maintaining career goals. Interested applicants should be qualified in Medicine and hold a higher certificate of training in Anaesthesia. In addition, postcertification experience in the area of sub-specialty interest will be required. Recruitment is required both immediately and over the next five years in all areas including Thoracic and Vascular Anaesthesia, Critical Care Medicine (senior and junior positions available), Acute and Chronic Pain Management, Regional Anaesthesia/Analgesia and Obstetric Anaesthesia/Analgesia. Applicants should provide an up-to-date curriculum vitae and define an area of prime interest. In accordance with Canadian immigration requirements, this advertisement is directed in the first instance to Canadian citizens and landed immigrants. Dalhousie University encourages applications from qualified women, visible minorities, and handicapped persons. The Department of Anaesthesia is committed to supporting these principles in its recruitment mechanism. Applications with complete curriculum vitae should be addressed to:

Dr. Charles E. Hope
Professor and Head
Department of Anaesthesia
Room 10-032
Victoria General Hospital
1278 Tower Road
Halifax, N.S. B3H 2Y9

**FAMILY PRACTITIONER WITH
ANAESTHETIC TRAINING**

The Almonte General Hospital is seeking the immediate services of a Family Practitioner with Anaesthetic training for the Town of Almonte, Ontario and surrounding Townships. Financial incentives are available. Almonte, with a Hospital catchment population of approximately fifteen thousand (15,000) is located twenty-five miles west of Ottawa with excellent educational, recreational facilities and a fully accredited 52 bed hospital. For details contact:

Tel: (613) 256-2500

**CLINICAL RESEARCH FELLOW:
CHRONIC PAIN MANAGEMENT**

A Clinical Research Fellowship position in chronic pain management is available for a one-year appointment in the Department of Anaesthesia, Ottawa Civic Hospital, Main Division, Ottawa, Canada. Applicants must hold or be eligible for Canadian certification or hold an equivalent national degree in anaesthesia. The Pain Clinic is a multidisciplinary unit and treats both in-patients and out-patients. The clinic offers excellent experience in the diagnosis and treatment of a wide variety of chronic pain syndromes. Foreign medical graduates must meet the educational licensing requirements of the College of Physicians and Surgeons of Ontario. Address inquiries to:

Dr. J.E. Wynands
Ottawa Heart Institute
Room 213, 1053 Carling Avenue
Ottawa, Ontario, Canada K1Y 4E9
or call (613) 761-4940

**NEUROANAESTHESIA FELLOWSHIP &
OUTPATIENT ANAESTHESIA
FELLOWSHIP**

Applications are now being accepted for two fellowship positions, neuroanaesthesia and outpatient anaesthesia. Positions are available immediately starting September, 1993 and July 1994. The Toronto Hospital is a major teaching hospital at the University of Toronto, and is the largest neuroanaesthesia centre in Canada. The number of outpatient surgical procedures per year is 19,000. The neuroanaesthesia fellowship offers both clinical and research experience in neuroanaesthesia, pharmacology and physiology. The outpatient anaesthesia fellowship offers both clinical and research experience in outpatient anaesthesia, pharmacology and quality assurance. Applicants must be eligible for Canadian certification, American Board eligible or hold an equivalent national degree in anaesthesia. Interested individuals should send curriculum vitae or contact:
