

PEDIATRIC INTENSIVIST

The Department of Pediatrics, Children's Health Centre of Northern Alberta and University of Alberta, Edmonton is seeking a third full time Pediatric Intensivist to join a busy Pediatric Intensive Care Unit.

The PICU presently operates up to eight beds. It will expand to 11 beds from July 1994 and will admit over 600 children per year. It supports a busy cardiac surgical program and cardiac and liver transplantation. It is also involved in the transport of critically ill children from Northern and Central Alberta and the Northwest Territories.

Candidates must be eligible for or hold a fellowship with the Royal College of Physicians and Surgeons of Canada in either pediatrics or anesthesia and have appropriate training in pediatric intensive care. Preference will be given to Canadian Citizens or Landed Immigrants.

Children Health Centre is an equal opportunity association, and applications are encouraged from all qualified potential candidates.

Please reply by July 31, 1994 including full CV and the names of at least three references to:

**Dr. Paul Swan, Director, Pediatric Intensive Care, Department of Pediatrics, Children's Health Centre of Northern Alberta
4E4.14 Walter C. Mackenzie Health Sciences Centre Site, 8440 - 112th Street, Edmonton, Alberta, Canada T6G 2B7**

CHIEF OF PEDIATRIC ANAESTHESIA

Childrens Health Centre of Northern Alberta

Childrens Health Centre of Northern Alberta, a multi-site facility consisting of pediatric in-patient and out-patient facilities in five host hospitals in the Edmonton Region, is seeking a Chief of Department of Anaesthesia. The successful candidate will be an experienced and fully credentialled pediatric anaesthetist with successful leadership and administrative experience who will guide this new department in its formative years as it builds both service and academic credentials. The Chief will work with the Chairs of clinical departments at University of Alberta in regard to academic matters, and with CHC administration and administrative and clinical leaders in the host hospitals in regard to clinical and service matters.

This is a part time position, with an honorarium paid by CHC. Terms and conditions are negotiable.

Childrens Health Centre is an equal opportunity organization, and applications are encouraged from all qualified potential candidates.

Please reply by July 15/94, including full CV and the names of at least three referees, to

Dr A.B. Jones

**Vice President, Medical Affairs, Childrens Health Centre of Northern Alberta,
1700 College Plaza, 8215 - 112 St., Edmonton, Alberta T6G 2C8**

ANAESTHETIST

REGION 1 HOSPITAL CORPORATION

(SOUTH-EAST)

Moncton, N.B.

The Moncton Hospital requires the services of an additional anaesthetist certified by the Royal College of Physicians and Surgeons of Canada. This physician will join a team of nine anaesthetists involved in a wide range of services in a busy tertiary care hospital providing surgical services, i.e. neurosurgery; major vascular (no open heart); thoracic; pediatric; trauma program; high risk obstetrical and neonatal services; Pain Clinic; and three intensive care units. The Moncton Hospital is a 540-bed regional teaching hospital situated in the City of Moncton, which, with adjoining municipalities, has a population of more than 102,000 and is ranked as one of the ten best Canadian cities for quality of community life. It has a French language university (University of Moncton), with Mount Allison University in nearby Sackville, N.B. Moncton is situated within 1/2 hour of many of the finest beaches in the Maritimes and with ample opportunity for skiing in the winter.
