

### Clinical and Academic Anaesthetists Required

The Department of Anaesthesia invites applications for positions at the London Health Sciences Centre and St. Joseph's Health Centre, London, Ontario.

We are seeking individuals with appropriate skills in a wide variety of areas including neuro, cardiac, vascular, thoracic, transplantation, paediatric and obstetric anaesthesia, as well as critical care, pain management, pharmacology, informatics, clinical trials or education.

London Health Sciences Centre is a 990 bed tertiary care centre created by the merger of University and Victoria Hospitals and is the main teaching hospital for the University of Western Ontario. St. Joseph's Health Centre is affiliated with the University of Western Ontario and is the tertiary obstetric centre. The Departments have a very busy clinical service as well as active research and teaching programs.

Academic rank and competitive contractual arrangements will be commensurate with experience and qualifications. Candidates must be FRCPC certified or equivalent and be eligible for licensure in Ontario. In accordance with Canadian Immigration requirements, this advertisement is directed to Canadian citizens and Permanent Residents of Canada. The University of Western Ontario is committed to employment equity, welcomes diversity in the workplace and encourages applications from all qualified individuals including women, members of visible minorities, aboriginal persons and persons with disabilities. Positions are subject to budget approval.

Please send applications with curriculum vitae and the names of three referees to:

**Dr. Adrian W. Gelb, Professor and Chair, Department of Anaesthesia, London Health Sciences Centre, 339 Windermere Rd, London, Ontario, Canada N6A 5A5**

**Ph: 519-663-3270**

**Fax: 519-663-3079**

**E-mail: agelb@julian.uwo.ca**

### Department of Anaesthesia The Montreal General Hospital

The Montreal General Hospital, has a full time position available for a specialist Anaesthetist, who has post graduate fellowship training in transoesophageal echocardiography. The Montreal General Hospital is a McGill University teaching hospital and referral centre for adult tertiary care including trauma.

Over 500 open heart surgeries are performed annually in an expanding programme.

The successful applicant will be in charge of transoesophageal echocardiography using state of the art equipment and he/she will be expected to develop a teaching programme for staff and residents.

Intended applicants must:

1. Hold or be eligible for licensure in the specialty of Anaesthesia with the Collège des Médecins du Québec.
2. Have Royal Canadian College certification in Anaesthesia.
3. Have a working knowledge of French.

Applicants should provide an up-to-date Curriculum Vitae and the names of three referees.

In accordance with Canadian Immigration requirements, this advertisement is directed towards Canadian citizens and permanent residents.

Applications should be addressed to:

**Dr. Ian R. Metcalf, Anaesthetist-in-Chief  
The Montreal General Hospital**

**1650 Cedar Avenue, Room D6-245  
Montreal, Quebec H3G 1A4**

**TEL: (514) 937-6011 ext. 3030 FAX: (514) 934-8249**

7th Annual
