WIMMERA BASE HOSPITAL,
HORSHAM, VICTORIA, AUSTRALIA

Director of Anaesthetics

Applications are invited from qualified Medical Practitioners who hold the F.A.N.Z.C.A. or equivalent for the position of Director of Anaesthetics.

Wimmera Base Hospital is located 300km north-west of Melbourne, Victoria Australia, in a progressive city with a population of 13,500. It is the Base Hospital of the Wimmera and is the area's major referral centre, servicing approximately 50,000 people. It has some 6,000 admissions a year and offers specialist services in anaesthetics, general medicine, surgery, paediatrics, obstetrics and gynaecology, on-site pathology and radiology (including C.T.), as well as visiting services in E.N.T., ophthalmology, oncology, geriatrics, urology, plastic surgery, oral surgery, orthopaedics and psychiatry. In addition, the hospital has recently completed a \$12m major redevelopment of all acute facilities including the operating theatres and day procedure unit.

The Hospital performs approximately 3,000 operations and has 400 births per year, and there is scope to expand regional services.

The Hospital has seven Resident Medical Officers, six of whom are on rotation from the Royal Melbourne Hospital. There is an active Resident teaching program and Medical Staff postgraduate education program. The opportunity exists for involvement in teaching of fourth year medical students on rotation from the University of Melbourne, Australia.

The Hospital has a strong commitment to quality assurance and is fully accredited with the Australian Council on Healthcare Standards and has been continuously accredited for 20 years. Support is also given to research relevant to a base hospital and the appointee would be encouraged to develop particular areas of interest.

Remuneration at the Hospital is on a fee-for-service basis. The vacancy provides an excellent opportunity to continue an established anaesthetic practice in a pleasant environment.

The town has excellent facilities including a championship 18 hole golf course, lawn tennis courts, water skiing, rowing and sailing facilities. The Grampians National Park and Mt Arapiles are nearby.

The Hospital will provide assistance for the successful applicant to obtain registration with the Australian Medical Council and Medical Board of Victoria and assist with immigration applications with the Australian Government Office.

Enquiries should be directed to Dr Alan Wolff,
Director of Medical Services, phone +61 53 819111 or
A/H +61 53 824118.

Applications should be posted or faxed to the undersigned: Dr Alan Wolff, Director of Medical Services, Wimmera Base Hospital, Baillie St, Horsham, Victoria, Australia 3400. Fax +61 53 820829.

John F. Krygger
Chief Executive
