THE ANNUAL GENERAL MEETING held at the Seignior Club, May 14-18, 1962, was a success from every point of view. Total registration was 203. The presentations at the meetings, the discussion (held in various places), and the exhibits were all of great interest for those attending. The weather co-operated to make this another pleasant and profitable occasion.

The Heads of the Departments of Anaesthesia in the Canadian Universities held a meeting at the Seignior Club on Sunday, May 13. The teaching of Anaesthesia at both the undergraduate and graduate levels was discussed at length. A committee was appointed to consider the preparation of a standard Canadian manual for undergraduate instruction in Anaesthesia.
