#### Erratum

**Vol. 13, No. 6, page 341:** In the first paragraph of the Discussion the second sentence should read, 'The experimental treatment (5-day therapy with spiramycin) was not compared with 10-day penicillin V; rather it was compared with 7-day penicillin V treatment.'

[Gendrel D, Bourillon A, Bingen E, et al. Five-day spiramycin vs seven-day penicillin V in the treatment of streptococcal tonsillitis in children. *Clin Drug Invest* 1997 Jun; 13 (6): 338-44]
