## Errata

- Vol. 42, No. 6, 1991:** The final part of the last sentence at the bottom of page 1066 was inadvertently omitted from the top of the text on page 1067. The *entire* sentence should read, 'The interaction of flumazenil with central benzodiazepine receptors is considered sufficiently specific to be used to determine the involvement of benzodiazepine receptors in the central pharmacological activity of a variety of drugs'.
- Vol. 43, No. 1, 1992, page 120:** The first complete sentence at the top of the left-hand column should read, 'It should be noted . . . usually 50  $\mu\text{g}/\text{m}^2$  3 times weekly'.
