

5. Study Groups

Dr. Lefèbvre reported the foundation of three new Study Groups; Diabetic Retinopathy, Diabetic Neuropathy and Diabetes Optimisation through Information Technology.

This was approved and there were no questions on the Study Group Reports.

6. Any other Business

Before closing the Meeting, Dr. Lefèbvre asked for any questions or comments from the Assembly; Dr. Keen wanted to draw atten-

tion to the very important "St. Vincent Declaration". Together the European Office of the World Health Organisation and the European Region of the IDF have met and have introduced an important policy which has been accepted by almost every Government and Health Department in Europe. Dr. Keen encouraged all members to become involved and to give this Declaration their full support.

The President expressed the Association's thanks to: the retiring members of the Council – Drs. Damjanova, Persson, Vague and Zoupas for all their hard work and to Dr. Balasse, Retiring Vice President.

The President then closed the meeting.
