Calling all users of *Verbal Behavior*

Kent R. Johnson
Morningside Learning Center

The following is a list of all college bookstores that have stocked Skinner's *Verbal Behavior* in the last four years. Presumably they stock the book because one or more professors use the book in one or more courses. If you are the professor who has ordered the book through one of the bookstores listed below, please let us know. We would like to get some information from all users about the courses that they teach. Perhaps more will be encouraged to adopt the book if some well tested ideas for use are made available. Surely we will all improve our courses with ideas from others.

Awards go to **Iowa** for stocking *Verbal Behavior* in three cities!
