Erratum

A precise measurement of the B_d^0 meson lifetime using a new technique

DELPHI Collaboration

Z. Phys. C **74** (1997) 19–32

Page 28, right column, bottom, refers to the wrong figure number; the sentence should be replaced by

The fitted time distributions obtained with the 1991–3 and 1994 data samples are shown separately in Fig. 4, and the corresponding fitted $\overline{B}_d^0$ lifetime values are:

$$\tau(\overline{B}_d^0) = 1.511_{-0.059}^{+0.060}(\text{stat})ps \quad (1991\text{--}1993 \text{ data}) \quad (14)$$

$$\tau(\overline{B}_d^0) = 1.510_{-0.055}^{+0.056}(\text{stat})ps \quad (1994 \text{ data}) \quad (15)$$
