ADDITIONS & CORRECTIONS

Spotlight on 'Xeroderma Pigmentosum'

Hiva Fassihi

Photochem. Photobiol. Sci., 2013, **12**, 78–84 (DOI: 10.1039/C2PP25267H). **Amendment published 10th January 2014.**

The author would like to advise readers that the following review should have been referenced in this perspective, with acknowledgement that Table 1 was adapted from this review.

A. R. Lehmann, D. McGibbon and M. Stefanini, *Orphanet J. Rare Dis.*, 2011, **6**, 70.

Diagnosis of malignant melanoma and basal cell carcinoma by *in vivo* NIR-FT Raman spectroscopy is independent of skin pigmentation

P. A. Philipsen, L. Knudsen, M. Gniadecka, M. H. Ravnbak and H. C. Wulf

Photochem. Photobiol. Sci., 2013, **12**, 770–776 (DOI: 10.1039/C3PP25344A). **Amendment published 31st January 2014.**

On page 770 in the introduction the sensitivity and specificity values from Lui *et al.* were misquoted.

The correct sensitivity and specificity values should be:

“Lui *et al.* have diagnosed both melanoma and non-melanoma skin cancer *versus* benign lesions with a sensitivity and a specificity of 95% and 52% on 518 lesions using dispersive Raman spectroscopy.”

This error does not affect the results or discussion presented in this work.
