Sunscreen use and failures – on site observations on a sun holiday

Bibi Petersen, Pameli Datta, Peter Alshede Philipsen and Hans Christian Wulf

Photochem. Photobiol. Sci., 2013, **12**, 190–196 (DOI: 10.1039/C2PP25127B). **Amendment published 28th June 2013.**

Reference 10 was incorrectly cited with an author list. The correct Reference is as follows:

Food and Drug Administration. Labeling and effectiveness testing; sunscreen drug products for over-the-counter human use. Final rule. *Fed. Regist.*, 2011, **76**, 35620–35665.

Enhanced photocatalytic hydrogen generation from barium tantalate composites

Roland Marschall, Julia Soldat and Michael Wark

Photochem. Photobiol. Sci., 2013, **12**, 671–677 (DOI: 10.1039/C2PP25200G). **Amendment published 6th November 2012.**

An author was inadvertently missing. The correct author list is the following:

Roland Marschall, Julia Soldat, G. Wilma Busser and Michael Wark

The Acknowledgements section was incorrect. The correct text is:

We thank Dr T. Reinecke (Faculty of Geosciences, Ruhr University Bochum) for XRD measurements and Prof. Dr M. Muhler (Laboratory of Industrial Chemistry, Ruhr University Bochum) for fruitful discussions and providing the setup for photocatalytic hydrogen generation. Parts of this work have been supported by Evonik Industries AG (part-financed by the State of North Rhine-Westphalia and co-financed by the EUROPEAN UNION: “Investing in our Future”, European Regional Development Fund).
