Nonlinear Differential Equations and Applications NoDEA

Publisher Correction

Publisher Correction to: On the stochastic Dullin–Gottwald–Holm equation: global existence and wave-breaking phenomena

Christian Rohde and Hao Tang

Correction to: Nonlinear Differ. Equ. Appl. https://doi.org/10.1007/s00030-020-00661-9

During the typesetting process, some misprints have been introduced in the original publication of the article.

In Section 3, Lemma 3.4, last line, the range "$3/2 > s > 1/2$" should be "$3/2 \geq s > 1/2$".

On page 17, the fourth line, the factor "n" at the right hand side of the inequality should have been "$1 + n$".

On page 19, line 20, there should be only one minus sign "$-$".

On page 29, line 9, "G" should be "$G_{\mathbb{T}}$".

The original article has been corrected.
