Due to a typesetting error, Eq. 5.9 was incorrect in the original publication. The correct equation is given below:

$$K_B = \frac{1}{4\mu} \left( \lambda_m^2 + \frac{4\mu^2}{\lambda_m^2} \right)^{1/2} \left[ \left( \lambda_m^2 + \frac{4\mu^2}{\lambda_m^2} \right)^{1/2} + \frac{1}{\lambda_m} \left( \lambda_m^2 - \frac{4\mu^2}{\lambda_m^2} \right)^{1/2} \right] + \dots \quad (5.9)$$

The original article was corrected.
