Erratum to: Miner Deposita
DOI 10.1007/s00126-017-0721-0

Unfortunately, two edition errors have been introduced in the online version after the proof corrections:

1) In the title of the online version:
Correct title is: “40 Ma of hydrothermal W mineralization during the Variscan orogenic evolution of the French Massif Central revealed by U-Pb dating of wolframite”

2) On pages 10, 12, 14 and 15 of the online version:
Below the tables, the sentence “Sample locality is indicated in bold and sample name in bloc-italics” has been inserted below each tables. However, a writing mistake has been introduced: “bloc-italics” instead of the correct “bold-italics”.
The original article was corrected.

The online version of the original article can be found at <http://dx.doi.org/10.1007/s00126-017-0721-0>
