Reverse-Phase High Performance Liquid Chromatography and Linear Solvation Energy Relationship for Studies of Alkyl (1-Phenylsulfonyl) Cycloalkane-Carboxylates (Bulletin of Environmental Contamination and Toxicology 55:635-642, 1995)

Due to an editing error, the addresses for the above authors were incorrect in the printed and published version of this paper. The addresses should have appeared as follows:

¹Department of Environmental Science and Engineering, Nanjing University, Nanjing 210093, People's Republic of China

²Department of Chemistry, Nanjing University, Nanjing 210093, People's Republic of China

D. Liu,¹L. Zhai,²W. Jiang,¹W. Wang¹

Effects of Mg²⁺, Co²⁺, and Hg²⁺ on the Nucleus and Nucleolus in Root Tip Cells of *Allium cepa* (Bulletin of Environmental Contamination and Toxicology 55: 779-787, 1995)

Due to an editing error, the addresses for the above authors were incorrect in the printed and published version of this paper. The addresses should have appeared as follows:

¹Department of Biology, Tianjin Normal University, Tianjin 300074, People's Republic of China

²Xinhua High School, Tianjin 300204, People's Republic of China
