

Congress Abstract book

Contents

Monday 30 September 2002

Oral Presentations

| | |
|---|-------|
| Acute respiratory failure (I) | 1-5 |
| Therapy in sepsis: The newer the better? . . . | 6-10 |
| Preload/volume therapy | 11-15 |
| The critically ill patient after ICU discharge | 16-20 |
| Auditing ICU practice | 21-25 |
| To die (from nosocomial infection) ... or not do die | 26-30 |

Poster Symposia

| | |
|--|-------|
| Experimental studies in acute respiratory failure | 31-40 |
| Effects of sepsis on the patient's physiology | 41-50 |
| Haemodynamic monitoring | 51-60 |
| Managing ICU admission | 61-70 |
| Non-invasive ventilation and weaning (I) . . | 71-80 |
| Bacteraemia and catheter-related infections | 81-90 |

Poster Sessions

| | |
|---|---------|
| Airway management | 91-104 |
| Ventilatory support | 105-118 |
| Severe sepsis: New aspects of stratification and treatment | 119-132 |
| Cardiovascular dynamics (I) | 133-146 |
| Auditing and improving the quality of ICU practices | 147-160 |
| Health services and outcome | 161-174 |
| Non-invasive ventilation and weaning (II) | 175-188 |
| Technological developments (I) | 189-202 |
| Severe pneumonia | 203-215 |
| Paediatrics (I) | 216-226 |

Oral Presentations

| | |
|--|---------|
| Lung injury and inflammation | 228-232 |
| New pathways of inflammation | 233-238 |
| Vasoactive therapy | 239-244 |

| | |
|---|---------|
| Use of costs and resources | 245-250 |
| Non-invasive mechanical ventilation | 251-256 |
| Severe infection | 257-262 |

Tuesday 1 October 2002

Poster Symposia

| | |
|---|---------|
| COPD | 263-272 |
| Stress response in septic patients | 273-282 |
| The microcirculation | 283-292 |
| Monitoring developments | 293-302 |
| Optimising treatment of septic patients | 303-312 |
| Nosocomial pneumonia: Networks and methodological issues | 313-322 |

Poster Sessions

| | |
|--|---------|
| Acute respiratory failure: Biochemical markers | 323-336 |
| Acute respiratory failure (II) | 337-350 |
| Experimental approaches to pathogenesis of sepsis | 351-364 |
| Predictors of sepsis | 365-378 |
| Cardiovascular dynamics (II) | 379-392 |
| Neurology | 393-404 |
| Assessing the surgical patient | 405-418 |
| Paediatrics (II) | 419-433 |
| Prognostic determinants | 434-447 |
| Severe surgical and other infections | 448-461 |

Oral Presentations

| | |
|--------------------------------------|---------|
| Critical care of the heart | 462-466 |
| Paediatrics (III) | 467-471 |

Oral Presentations

| | |
|---|---------|
| Recruitment of the lungs | 472-477 |
| Experimental trials for treatment of sepsis | 478-483 |
| Regional perfusion | 484-489 |
| Long-term outcomes | 490-495 |
| Respiratory monitoring | 496-501 |
| Very attractive papers on ventilator- associated pneumonia | 502-507 |

Wednesday 2 October 2002

Oral Presentations

| | |
|---|---------|
| Acute lung injury (I) | 508-512 |
| Poisoning/intoxication | 513-517 |
| Fungi are not fun guys! | 518-522 |
| Nutrition (I) | 523-527 |
| Pathomechanisms of sepsis: Experimental approaches | 528-532 |
| Nephrology | 533-537 |

Poster Symposia

| | |
|--|---------|
| Acute lung injury (II) | 538-547 |
| Evaluating organ dysfunction | 548-557 |
| Emergency medicine | 558-567 |
| Nutrition (II) | 568-577 |
| Experimental approaches to sepsis therapy | 578-587 |
| Metabolism | 588-597 |

Poster Sessions

| | |
|--|---------|
| Acute lung injury (III) | 598-611 |
| Epidemiology and outcomes | 612-625 |
| Bacteraemia, antibiotics and interplay | 626-639 |
| Cardiovascular dynamics (III) | 640-653 |
| Neuro miscellaneous | 654-667 |
| Laboratory monitoring of sepsis | 668-681 |
| Technological developments (II) | 682-696 |
| Analgesia and sedation | 697-710 |
| Nephrology: Diagnosis and therapy | 711-724 |

Oral Presentations

| | |
|---|---------|
| Ventilatory strategies in acute lung injury | 725-730 |
| Ethical issues in research and clinical work | 731-736 |
| Antibiotic usage and resistance | 737-742 |
| Neurosurgical intensive care | 743-748 |
| Monitoring | 749-754 |
| Metabolic control and markers | 755-760 |

Physiotherapy and Nursing

Monday 30 September 2002

Oral Presentations

| | |
|----------------------------|-----------|
| Clinical studies | NP01-NP07 |
|----------------------------|-----------|

Poster Sessions

| | |
|-------------------------|-----------|
| Physiotherapy | NP08-NP10 |
|-------------------------|-----------|

Tuesday 1 October 2002

Oral Presentations

| | |
|--|-----------|
| The experience of intensive care: Effect on the patient | NP11-NP17 |
|--|-----------|

Poster Sessions

| | |
|-------------------|-----------|
| Nursing | NP18-NP31 |
|-------------------|-----------|

Wednesday 2 October 2002

Oral Presentations

| | |
|---|-----------|
| Improving outcomes/reducing complications | NP32-NP39 |
|---|-----------|
