

## Supplement September 2009

## Abstracts 22<sup>nd</sup> ESICM Annual Congress

### Vienna, Austria 11–14 October 2009

This supplement issue of the official ESICM/ESPIC journal *Intensive Care Medicine* contains abstracts of scientific papers presented at the 22<sup>nd</sup> Annual Congress of the European Society of Intensive Care Medicine.

The abstracts appear in order of presentation from Monday 11 October until Wednesday 14 October 2009. The same abstract numbering is used in the Congress final programme.

## CONGRESS COMMITTEE

### CHAIRMAN

Jean-Daniel Chiche, Paris, France

### ACUTE RESPIRATORY FAILURE

Anders Larsson, Uppsala, Sweden

### CARDIOVASCULAR DYNAMICS

Jan Poelaert, Brussels, Belgium

### ETHICS

Elie Azoulay, Paris, France

### HEALTH SERVICES RESEARCH AND OUTCOMES

Maurizia Capuzzo, Ferrara, Italy

### INFECTION

Claude Martin, Marseille, France

### METABOLISM, ENDOCRINOLOGY, NEPHROLOGY, AND NUTRITION

Michael Joannidis, Innsbruck, Austria

### NEURO-INTENSIVE CARE AND EMERGENCY MEDICINE

Giuseppe Citerio, Monza, Italy

### PERI-OPERATIVE INTENSIVE CARE

Claudia Spies, Berlin, Germany

### SYSTEMIC INFLAMMATION AND SEPSIS

Konrad Reinhart, Jena, Germany

### TECHNOLOGY ASSESSMENT AND HEALTH INFORMATICS

Max Jonas, Southampton, United Kingdom

### NURSES AND ALLIED HEALTHCARE PROFESSIONALS

Christina Jones, Liverpool, United Kingdom

## RESEARCH COMMITTEE

### CHAIRMAN

Daniel De Backer, Brussels, Belgium

## EDUCATION AND TRAINING COMMITTEE

### CHAIRMAN

Hans Flaatten, Bergen, Norway

# Congress Abstract book

## Contents

### Monday 12 October 2009

#### Oral Sessions

Sepsis care . . . . .	0001–0005
Acute lung injury: Innovative therapies. . . . .	0006–0010
Fluid management . . . . .	0011–0015
Severe infections 1 . . . . .	0016–0020
Neuro/emergency medicine 1 . . . . .	0021–0025
Resource consumption in ICU. . . . .	0026–0030

#### Poster Corners

Haemodynamic assessment technologies. . . . .	0031–0044
VAP . . . . .	0045–0058
Ventilatory modes and side effects. . . . .	0059–0071

#### Poster Sessions

Education and training . . . . .	0072–0083
Perfusion failure and support . . . . .	0084–0097
Macro and microcirculation . . . . .	0098–0111
Sepsis guidelines. . . . .	0112–0125
Sepsis: Pathophysiology 1 . . . . .	0126–0139
Acute Kidney Injury: Risk-assessment, prognosis, treatment . . . . .	0140–0153
RRT and plasmapheresis . . . . .	0154–0167
Acute respiratory failure: Miscellaneous . . . . .	0168–0181
Acute lung injury: Experimental models, pathophysiology and comorbidities . . . . .	0182–0193
Weaning and tracheotomy . . . . .	0194–0207
Management of major surgery. . . . .	0208–0221
Analgesia and sedation . . . . .	0222–0235
Emergency medicine. . . . .	0236–0249
Transfusion practices . . . . .	0250–0263
Neurotrauma . . . . .	0264–0277
Cardiac surgical issues. . . . .	0278–0290
Haemodynamics of septic shock . . . . .	0291–0304
Biomarkers . . . . .	0305–0318
Severe sepsis and septic shock . . . . .	0319–0332

Pneumonia . . . . .	0333–0346
Clinical and biological assessments in ICU patients . . . . .	0347–0360
Outcome prediction . . . . .	0361–0374
Warning systems and rapid response team . . . . .	0375–0388

#### Oral Sessions

Acute lung injury: Diagnosis and lung mechanics . . . . .	0389–0393
SIRS and sepsis . . . . .	0394–0398
Mental disorders from ICU to long-term follow-up. . . . .	0399–0404
News in cardiac intensive care and sedation . . . . .	0405–0409
Neuro/emergency medicine 2 . . . . .	0410–0414
Monitoring and assessment of the cardiovascular system . . . . .	0415–0419

### Tuesday 13 October 2009

#### Oral Sessions

Abstract award winners: The best pre-selected abstracts submitted to the congress . . . . .	0420–0423
Education and training in intensive care. . . . .	0424–0427
Sepsis: Current insights in supportive and adjunctive therapies . . . . .	0428–0432
Experimental AKI, electrolyte disturbance. . . . .	0433–0437
Quality care. . . . .	0438–0442
Risk assessment from ED to the first ICU day. . . . .	0443–0447
At the boarder of the ICU. . . . .	0448–0452

#### Poster Corners

Glucose and glucose control . . . . .	0453–0466
Ventilatory modes and positioning. . . . .	0467–0480
Obstructive lung disease and non-invasive ventilation . . . . .	0481–0494

### Poster Sessions

General perioperative care . . . . .	0495–0508
Fluid management and general perioperative care . . . . .	0509–0522
Neurological emergencies . . . . .	0523–0536
Cardiac arrest and brain damage . . . . .	0537–0550
Neurointensive care . . . . .	0551–0564
Nutrition 1 . . . . .	0565–0577
Electrolytes, endocrinology, intoxications . . . . .	0578–0591
Microcirculation and fluid responsiveness. . . . .	0592–0604
Heart failure . . . . .	0605–0615
Coagulation . . . . .	0616–0626
Sepsis: Pathophysiology 2 . . . . .	0627–0640
Genomics and proteomics. . . . .	0641–0654
ICU economics and management. . . . .	0655–0668
ICU performance and benchmarking . . . . .	0669–0682
Short- and long-term outcomes. . . . .	0683–0696
Caring for patients . . . . .	0697–0710
Acute respiratory failure: Prognosis and outcome . . . . .	0711–0724
Acute lung injury: Adjuvant therapies. . . . .	0725–0736
Complicated infections . . . . .	0737–0749
Fungal infections and novel diagnostic approaches. . . . .	0750–0763
Multiresistant infections . . . . .	0764–0777
Airway management and weaning strategies . . . . .	0778–0791

### Oral Sessions

From microcirculation to tissue perfusion . . . . .	0792–0796
Nosocomial infections. . . . .	0797–0801
Communication in the ICU . . . . .	0802–0806
Muscle metabolism and endocrinology. . . . .	0807–0811
Neuro/emergency medicine 3 . . . . .	0812–0816
Information from wide sample observational studies. . . . .	0817–0821

### Wednesday 14 October 2009

#### Oral Sessions

Haemodynamic optimization. . . . .	0822–0826
Acute lung injury: Pathophysiology . . . . .	0827–0831
Early diagnosis and epidemiology of AKI . . . . .	0832–0836
Impact of technology and drugs in the ICU . . . . .	0837–0841
Severe infections 2 . . . . .	0842–0846
Paediatrics . . . . .	0847–0851

### Poster Corners

Acute kidney injury: Early diagnosis, epidemiology, outcome. . . . .	0852–0865
Lung recruitment, PEEP and open lung approach . . . . .	0866–0879
Haemodynamic monitoring. . . . .	0880–0893

### Poster Sessions

Paediatrics . . . . .	0894–0907
Impact of technologies and health informatics . . . . .	0908–0921
Sepsis therapies . . . . .	0922–0935
Biomarkers . . . . .	0936–0949
SIRS, sepsis, and MODS . . . . .	0950–0963
Infection in the neuro ICU/Trauma . . . . .	0964–0977
Subarachnoid and intracranial haemorrhage . . . . .	0978–0991
Experimental neurology/miscellaneous . . . . .	0992–1005
ICU careflow and processes. . . . .	1006–1018
End-of-life in the ICU . . . . .	1019–1029
Antimicrobial treatments. . . . .	1030–1043
Infection control . . . . .	1044–1057
Perioperative stress, inflammation and organ dysfunction. . . . .	1058–1070
Coagulation disorders and therapeutic techniques for the ICU . . . . .	1071–1084
Cardiovascular failure in the ICU: Causes and markers. . . . .	1085–1098
Cardiac arrest and coronary artery disease . . . . .	1099–1112
Nutrition 2 . . . . .	1113–1125
Clinical outcome in specific ICU populations . . . . .	1126–1139
ICU admissions and readmissions . . . . .	1140–1153
Safety in the ICU . . . . .	1154–1167
Monitoring during mechanical ventilation . . . . .	1168–1181
Teaching to improve safety . . . . .	1182–1195

Abstracts submitted and selected under the label ECCRN. To be displayed during the three-day congress at the Best Abstract & ECCRN corner (ACV, Exhibition Hall XL, blue level–lower level) and ESICM booth (ACV, blue level–lower level).

Abstracts pre-selected for the Poster Awards. To be displayed during the three-day congress at the Best Abstract & ECCRN corner (ACV, Exhibition Hall XL, blue level–lower level) and ESICM booth (ACV, blue level–lower level).
