After the publication of the article, we have been informed that the name of a contributor in the list of REVIVAL investigators was given incomplete.

He was given as “Patrick Honore” or “Honore P” but he should have been cited as “Patrick M. Honore” or “Honore PM”.

Additionally, there are two mistakes in the contributors list: “ElisabethDiltoer” should read “Elisabeth Dewaele, Marc Diltoer” and “Craig French” should be also added.

The original publication and the supplementary Excel file have been updated. The Authors apologize for these mistakes.
