A sentence in the 5th paragraph of this article has been altered during typesetting, so that the meaning was obscured.

It was given as:

“ICU beds per 100,000 population and ICU beds as a proportion of hospital beds in the 25 OECD countries were 25.84% and 5.28%, respectively.”

But it should have been:

“ICU beds per 100,000 population and ICU beds as a proportion of hospital beds in the 25 OECD countries were 25.84 and 5.28%, respectively.”

The original article has been corrected. The Editorial Office apologize for this mistake.
