Due to an unfortunate error on importing the problem dataset, there were mistakes in some of data listed in Table 2:

1. Data no. 18 (39rat195) the simulation result was “849” and error was “-0.59%” should be changed to “854” and error to “0%”.
2. Data no. 22 (45ts225) the simulation result was “67,869” and error was “-0.69%” should be changed to “68,340” and error to “0%”.
3. The average error of the simulation was “0.42%” should be changed to “0.47%”.
