The original version of this article contained mistakes.

1. In Fig. 7b and Fig. 7c, the data after 3.9 s are redundant. These errors are caused by mistakenly importing the same data segment during the process of plotting these two figures. The correct images of Fig. 7b and Fig. 7c are shown below.
2. In the schematic diagram of Fig. 14, the number of cutter teeth is 3, and the axial depth of cut is $a_p = 4$ mm. The correct image is shown below.
