Erratum to: Shock Waves DOI 10.1007/s00193-015-0576-1

The original online publication of the article contained errors in the second paragraph of Section 4.3.1 and in the sub-captions of Fig 2(b).

In Section 4.3.1, a part of two sentences starting with “The S8 and S10 simulations...” was missing due to technical oversight.

The sentences should read as:

“The S8 and S10 simulations overestimate the CONWEP calculation by 1 and 2 %, respectively. For lower mesh resolutions, there is a significant gap between the simulation results and the CONWEP calculation.”

The original article has been updated to reflect the above change.

The sub-captions of Fig 2(b) should read as “(b) Spherical mesh domain”. The corrected figure is given below.

Fig. 2 Schematic drawing
